## **NEW HAMPSHIRE JOINS STATES THAT HAVE CERTIFIED THAT THEY REGULATE POLE ATTACHMENTS**

### **WC Docket No. 07-245**

The state of New Hampshire certifies that it has issued and made effective rules and regulations implementing its regulatory authority over pole attachments, including a specific methodology for such regulation which has been made publicly available in the state.<sup>1</sup> Pursuant to Section 1.1414(b) of the Commission's rules on pole attachments, the Commission gives public notice of receipt of New Hampshire's certification.<sup>2</sup> Certification by a state preempts the Commission from accepting pole attachment complaints under Subpart J of Part 1 of the Rules.<sup>3</sup>

Also pursuant to Section 1.1414(b), the Commission compiles and publishes from time to time a listing of states which have provided certification.<sup>4</sup> The following states have certified that they regulate rates, terms, and conditions for pole attachments, and, in so regulating, have the authority to consider and do consider the interests of subscribers of cable television services, as well as the interests of the consumers of the utility services. Moreover, these states have certified that they have issued and made effective rules and regulations implementing their regulatory authority over pole attachments, including a specific methodology for such regulation which has been made publicly available in the state.
